

James Fricke stopped 18 Lehi shots as Bingham continued its winning way.

April 20 – Bingham 13, Lehi 5

Story of the game: Aaron Crane scored three times and James Fricke stopped 18 Lehi shots as the Miners handily won another match.

Bingham's highlights: Riley Andus, John Madsen and Luke Stover added two goals apiece for the Miners, who led the entire match. This might have been Fricke's best game.

Statistical notes: Conner Hansen, Austin Lyon and Aaron Crane were credited with Bingham's only assists.

What we learned from this game: This was one of the team's best defensive performances and Coach Johnston recognized it. This was also one of the team's better performances away from home.

Coach Johnston's comments: *"Their size was pretty good. I want to say they had one or two kids who were their main shooters. We found their weaknesses and we shut down a lot of their good shooters."*

April 21 – Bingham 10, Brighton 6

Story of the game: Brandon Glines and Conner Hansen were Bingham's powers on offense as the Miners defeated Brighton in a much-anticipated matchup.

Bingham's highlights: This was probably Glines' best game, as he added three assists to his four goals. Hansen also had four scores and Tanner Scholes had the other.

Statistical notes: The game was tied 6-6 at halftime, but Bingham held Brighton scoreless after that.

What we learned from this game: This was one of the team's toughest contests of the season, and was played in a cold rain at an elementary near at the base of the Wasatch Mountains. Bingham was clearly the better team in the elements.

Coach Johnston's comments: *"We knew they were a well-coached team because their varsity is so good. I stayed pretty much with my starters. I didn't sub much. We wanted to stay on top. We buckled down and shut them out in the second half."*

Aaron Crane watches his teammate with the ball as he moves ahead of a Brighton player.
