

## #17 - Katelynn Mortensen

Daughter of Melissa and Quinn Mortensen. Katelynn played three years at Brighton as a wing. She planned to attend college and play soccer, but was undecided at press time. She was also undecided on her major, but was interested in psychology and physical training.

Message from Parents: "Katelynn, as your parents we are very proud of your accomplishments, not only in soccer, but in your schooling and life. You set high goals and work hard to achieve them. You are loyal and true to your family and friends. You are the perfect daughter! We love you very much, and are excited to see what other great things you will accomplish in your life!"
