

BRIGHTON SOCCER: Senior profile

#20 – Nadia Gomes

Daughter of Tom and Arminda Shepherd, Nadia played three years at Brighton as a wing and forward.

She earned a scholarship to BYU and will play with the women's soccer team. She wants to major in sports science. Nadia's other interests are: drawing, dancing and playing any type of game.

Message from parents: Nadia was born in Portugal, but has lived in the United States for the last five years. She loves being at school and playing soccer for Brighton. She is kind, generous, and friendly. Nadia grew up watching soccer and has always loved the game. Even though she only started five years ago, we are proud of the work and devotion she has put in to accomplish what she has. She works hard in school, and has always been a great example in our home. We know she will go on to do great things!

Nadia wins state MVP awards,
