

The starting LINEUP

WE WANT TO WELCOME YOU to another basketball season. We are extremely excited to watch our young men participate and compete against other local high schools on the basketball court and to represent our school in a positive manner.

We thank you for your support of Northridge High School and all of our athletic programs.

Participating in extra-curricular activities can benefit young people in many ways. The memories and relationships that are forged through these experiences inherent in sport are invaluable. We wish our teams the very best and encourage you to support our athletes and coaches in a positive way as they strive for success on the court.

We encourage everyone to demonstrate good sportsmanship in cheering for both teams, and respecting referees, and other spectators.

At Northridge we strive to be forever strong. Our goals are focused on helping the young people of our community become successful and productive adults.

Again, thank you for all of your support in the many efforts to keep Northridge High School one to be proud of.
