

ABOVE: Gerika Ballard and Pume Currie relish "Senior Night" activities with their families.

RIGHT: Jamie Smith accepts a hug from her older brother.

Jamie Smith

Best memories of the season: Taking state! We worked hard and played as a team. We were GOLDEN. I loved the feeling of holding the trophy and winning with my best friends. The bus ride home was awesome. We had a police escort. We all cried after winning and hugging each other.

Other sports memories: Bus rides, Dixie trips during the summer, winning region (twice), team dinners, my half-court shot, senior court.

Other activities outside of high school: Girls basketball, playing for Salt Lake Metro.

Plans after high school: Accepted a basketball scholarship to the College of Eastern Utah.

Coach Ence's comments: "Jamie has all around basketball skills. She can dribble, shoot, pass and defend. Over the last four years, she developed into a very good point guard and playmaker. She made sure we were in the right spots to execute offense and defensive calls"
