Oct. 3 – Skyline 2, Olympus 0

Story of the game: Holly Daugirda and Bella Sorenson scored second-half goals as Skyline survived its “Senior Night” matchup against its rival and moved a game closer to a Region 7 title

Skyline’s highlights: With only Orem remaining on the schedule, a Lot was riding on this match, including the festivities for the five seniors. Skyline kept the ball on Oly’s side of the field much of the half, but was kept frustrated until a few minutes after halftime.

Oly’s highlights: The Titans came into the game with nothing to lose. This was their last game of the season and they had no post-season chances. Goalkeeper Amy Christensen turned away several shots.

Statistical notes: Skyline’s two goals tied for its season low - to date. The shutout was the team’s third straight and the Eagles celebrated its Seniors afterward.

What we learned from this game: With just one remaining game (at lowly Orem) and Timpanogos having to face Mountain View, Skyline’s first-place hopes seemed pretty good. Nobody expected this game to be easy, but Oly made it even tougher.

Coach Castillo’s comments: *Senior day. It was not my favorite because it meant our regular season was coming to an end. We honored the seniors by playing them a lot; it allowed us to end the season on a high note.*

Bella Sorensen tries to keep an Olympus player away from the ball.
