ANXIOUS FOR MORE

The Skyline Eagles had a very successful 18-2 season in 2013, and narrowly missed the 4A state title. The team came into the year with just five seniors, so were they disappointed at not winning state? Not really, because they surpassed everyone’s expectations. More is expected next year.

FOR DETAILS, see **PAGES 4-5**

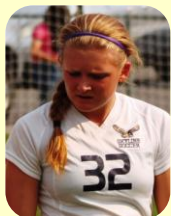

THE SEASON IN PICTURES

There are more than 100 different photographs in the 2013 Skyline girls soccer yearbook, and we tried to get at least one of every girl on the team. They can be found playing, cheering and smiling, but during a long season of soccer, virtually every emotion is shown at one time or another. Photos are on virtually every page,

BUT THE BEST MAY BE on **PAGES 22-23.**

SOCCER MAKES ITS MARK ON SENIORS

There were just five seniors on Skyline’s roster this year. Much of their lives were filled with soccer, and their successes made their parents proud. To view what their folks thought of them, see **PAGES 38-41.**
