Aug. 13 – Skyline 5, Weber 1

Story of the game: Holly Daugirda and Jaslyn Masina each scored a pair of goals as Skyline opened the season with a convincing non-region home win over Weber.

Skyline’s highlights: After only a couple of weeks of training and practice, the Eagles started the year in grand fashion. The Eagles were clearly the better team early and dominated play. Emma Heyn had Skyline’s other score.

Weber’s highlights: The Warriors came in with high aspirations, but couldn’t keep up with the Eagles. Morgan Strebel had the team’s lone goal, but it wasn’t enough.

Statistical notes: Skyline kept the ball on Weber’s side of the field. The Eagles got the momentum right away and never let go. Weber gave up a season-high five goals and vowed to work on its defense.

What we learned from this game: This was a good win for the Eagles. And it helped the team start believing in itself. It also helped Weber, which vowed to bounce back afterward and won its next three matches. Masina was already known for her scoring abilities, but Daugirda’s performance also began to set her apart.

Coach Castillo’s comments: *Despite only having a few days to prepare, we took control of the game very early. Our team, only having two returning starters from the previous year, looked impressive. The front line was very solid.*

Taylor Rada heads the ball as teammate **Tysa Sillitoe** watches nearby.
